NEW PROPOSAL RECEIVED ON MARBLE BOARDS

Mrs. Bessie Roberts Cameron
Offers Use of 50 Machines
for Benefit of Charity—Plan
To Be Discussed at Relief
Board Meeting.

The Wilberger Relief Board received an offer this morning in which Mrs. Bessie Roberts Cameron, Vernon marble machine operator, agreed to permit the Board to use any number of her machines, not exceeding 50, for the benefit of charity.

Details of the offer were contained in a letter to R. H. Coffee, chairman of the Relief Board. The letter was signed by John A. Storey, Mrs. Cameron's attorney. It follows: "It is observed from the newspapers that you are vitally interested in the charity situation existing in Vernon, and have had some sort of offer about the use of marble machines made to you."

"In this connection the writer now tenders to you as chairman of the Relief Board, for the benefit of charity in Vernon any number of new marble machines not to exceed 50. These machines to be delivered to your Charity Board in Vernon, free of cost, and to be handled exclusively for the benefit of charity."

Chairman Coffee said he would call a meeting of the Relief Board within a few days to consider the offer. Other members of the Board are: O. A. McCaleb, J. L. Showers, John A. Storey and Rev. Gus T. Reaves.

Early this week announcement was made of a proposal of marble machine operators of Vernon to donate \$1,000 each month to charity if the machines were allowed to operate as they were prior to recent orders of officials banning their operation in Wilberger County.

Strict enforcement of the ordered removal of marble machines operated on a "pay-off" basis was promised by officers in connection with this proposal.

NYA CLUB IN CITY ACTIVE

VERNON UNIT HAS AVERAGE
ATTENDANCE OF 34 AT
NIGHT CLASSES

An average attendance of 34 members at daily class meetings of the NYA Boys' Club of Vernon was reported this week by Ray C. Swinburn, director. A total of 59 members are now enrolled in the club.

A recreational and educational program for all members of the club is carried out under Mr. Swinburn's leadership. Classes in arithmetic and civics are conducted each night. The club is open to boys whose families are registered in Wilberger County relief activities. Age limits have been set at 16 and 25. Boys already attending public schools are not admitted.

Mr. Swinburn has made a special appeal to parents of eligible young men to assist in enrolling boys in the club activities. The club is located in the basement of the Texas State Employment Service building on Fannin Street.

The club sponsors an address on some current topic by a Vernon business man once each week. The recreational activities include various games and athletic contests. In addition classes in manual training are also conducted. Domino and ping-pong tables, boxing gloves and other equipment for use during the recreation periods are provided in the club rooms.

The club rooms are open from 1 to 4 o'clock in the afternoon and from 7 to 10 o'clock at night from Monday through Friday.

"CRANK" NOTES RECEIVED BY HOUSTON OFFICIALS

Houston, Feb. 26. (AP)—Federal Department of Justice agents and the U. S. Marshall's office remained tight-lipped today about death threats sent Mayor R. H. Fonville. Police continued their hunt for the senders.

One of the notes warned the Mayor and his family would "die" unless he placed \$1,000 in a specified ditch. The other note said Fonville and Police Captain J. H. Kuykendall were marked for death "Tuesday night of Wednesday."

Fonville blamed cranks.

DETECTIVE TO RETURN FINE IF SEER IS RIGHT

Shreveport, La., Feb. 26. (AP)—William Paul Richey, convicted in City Court under an ordinance against fortune-telling, will have his \$25 fine refunded by the detective who arrested him if his prediction comes true.

Detective Charles Crabtree said Richey told him he would have \$1,000,000 in a year.

Crabtree announced he would refund the seer's fine when he gets the million.

Coronation Aide

Rev. James de Wolfe Perry, Jr., of Norfolk, Va., looks most youthful in this new portrait for one accorded the honor of representing the Episcopal Church of the United States at the coronation of King George VI. He will be one of two clergymen to preside at the coronation. Young Rev. Perry is son of Bishop Perry of Rhode Island, head of the Episcopal Church in America.

REBEKAHS OF SECTION TO MEET IN VERNON

Co. need that they are beset by a weather jinx, Vernon Rebekahs today were hoping for clear skies and rising temperature as they made last minute preparations for entertaining the Texas-Oklahoma Rebekah League tonight at 8 o'clock at the Odd Fellows Hall. At least 200 people are expected for the League's initial meeting, three times postponed because of inclement weather.

The League will be engaged in two major activities at the meeting—election of officers to succeed a temporary governing body, and competition between the Grandfield, Okla., degree team, considered one of the best in Oklahoma, and the Electra staff, which formerly held the State Assembly cup now in Vernon's possession.

In addition to delegations from member lodges, Altus, Frederick, Okla., Electra and Vernon, visitors are also expected from Wichita Falls, Crowell, Chillicothe, Quanah, and Truscott. The Truscott lodge has recently petitioned for membership in the League.

Under the direction of Mrs. W. A. Larimore, chairman, refreshments of coffee, sandwiches, and cake will be served to the assembly at the conclusion of the drill.

Bi-monthly meetings are scheduled by the League for the remainder of the year.

DEATH TAKES J. C. MILNER

Funeral services were conducted Thursday afternoon from a Fort Worth mortuary for John C. Milner, 22, a brother of Cleve and Aaron Milner of Vernon, who died Monday in a hospital at Denver, Colo. Rev. Harold Diers of Oklahoma, assisted by Rev. J. W. Williams of Fort Worth, officiated. Music at the service was conducted by Reginald Hobson of Vernon, a student in the Baptist Seminary at Fort Worth. Burial was in a Fort Worth cemetery.

Mr. Milner, born Sept. 5 at Middleton, enlisted in the Army at an early age and had served at El Paso, in the Hawaiian Islands and at other military posts. He had been confined in Denver for medical treatment for the past seven months.

Surviving are the mother, Mrs. Rosa Milner of Fort Worth; a sister, Mrs. R. A. Lowe of Fort Worth; and seven brothers, Carl Milner of Sipe Springs, Cleve and Aaron Milner of Vernon, Judd Milner of Eunice, N. M., William Pitt Milner of the U. S. Navy, stationed at Norfolk, Va., Paul Milner of the U. S. Army, stationed at Fort Clark, Texas, and George Milner of Gladewater, all of whom were present for the funeral service with the exception of William Pitt Milner.

Court Retirement Bill Passed As President Announces Radio Talk

DISCUSSION OF JUDICIARY AIM BELIEVED PLAN

Roosevelt Non-Committal on
Subject for Address March
9—Senate Acts Quickly on
Measure Giving Justices
Leaving Bench Full Pay.

Washington, Feb. 26. (AP)—The Senate today passed and sent to the White House the Summers bill to permit Supreme Court members to retire voluntarily on full pay at 70 years of age.

The vote was 76 to 1. The measure was swiftly approved after brief debate during which some Senators said they would not respect court members who might retire under present circumstances.

This view was expressed by Senators Johnson, Republican, California, and Burke, Democrat, Nebraska, both opponents of the President's court reorganization plan. Some Administration leaders, including Senator Robinson of Arkansas, the Democratic floor chief, have expressed the view that passage of the Summers bill might lead to the retirement of one or two justices now on the court.

The Senate's action came only a short while after President Roosevelt announced at his press conference that he would make a nationwide radio address at 10:30 p. m. E.S.T., March 9. It is expected by White House officials to include a discussion of his court proposals.

Although the President warned newspapermen at a press conference not to go out on a limb in predicting an address on the court issue, there were well founded indications he would touch on that subject. The speech will be for one-half hour beginning at 10:30 p. m. E.S.T.

Three radio companies will broadcast it. Administration leaders hoped passage of the measure might point a way out of the threatening impasse over the Roosevelt judicial reorganization program.

The measure is not a part of Mr. Roosevelt's broad program, but it has been endorsed by him.

Just before the Senate vote, the big Democratic majority in that chamber shouted down an amendment by Senator Bridges which would have postponed operation of the bill four years, or until after President Roosevelt's term expires. Bridges pointed out the Summers bill had been introduced two years ago but failed to enactment.

"There is no immediate hurry," he said. "Why this sudden change of front. Why this sudden hurry at this time?"

He told the Senate his amendment would take the Supreme Court "out of politics and out of the situation in which it is involved today." During the debate Johnson shouted: "A Supreme Court judge who retired at this particular time would not be the sort of an individual for whom I would have the greatest respect."

Bill Endorsed.
Mr. Roosevelt has endorsed the Summers bill, although it is not a part of his reorganization program. Judges in lower federal courts already have legal permission to retire on full pay, but Supreme Court justices wishing to leave the bench have had to take a chance on Congress granting them pensions.

The Senate judiciary committee approved the measure after Senator Borah, Republican, Idaho, unsuccessfully sought to increase the retirement age to 75 years.

Senate debated on the bill temporarily overshadowed the more turbulent controversy over the President's proposal to enlarge the Supreme Court by as many as six new members, provided to the Fitzsimmons. The proposal of Senator Borah to amend the Constitution to permit State social and economic legislation drew a cold response from Administration leaders.

DEFENDANT TAKES STAND IN ORANGE COUNTY DEATHS

Orange, Texas, Feb. 26. (AP)—One defense witness remained to testify today in H. Y. P. Broussard's trial for killing Albert Theriot, Orange County trapper, in a swamp Feb. 5. The case was expected to be with the jury by night.

Broussard testified yesterday he shot and killed Etienne Richard and Theriot in self defense. Richard was a trapper and Broussard's nephew. Broussard said the pair had attacked and killed him in a river about a month before the killings.

Stinson, still noncommittal as to whether he wants his County Agent's job back, will go to College Station with the Commissioners.

If Court Grows

LANDIS JACKSON
GARRISON ROSEMAN

Four names which enter the discussion of President Roosevelt's proposal to enlarge the supreme court are those of the men above, possible appointees if Congress approves the recommendation. They are James H. Landis, chairman, Federal Securities and Exchange Commission; Robert H. Jackson, assistant attorney general; Lloyd K. Garrison, former chairman of the National Labor Relations Board and dean of University of Wisconsin law school; and Samuel I. Roseman, of the New York supreme court.

COTTE AGENT DISPUTE MOVES TO A. & M. COLLEGE

Paducah, Feb. 26. (AP)—More strife in a different setting—was due Friday in Cottle County's Agent contest as the County Judge and three Commissioners prepared Thursday night to go to College Station where they will confer with District Agent B. F. Vance and officials of the Texas Extension Service Friday afternoon.

"We are still backing C. C. Stinson," declared County Judge L. D. Gibson Thursday night after word had come from Vance in College Station that under no circumstances would he withdraw his appointment of H. L. Williams of Wichita Falls to the County Agent's post.

"We will not approve Williams' appointment," said Judge Gibson. Judge Gibson, with three commissioners, C. N. Willingham, C. A. Brooks and John H. Davis, will leave Friday morning for College Station and Extension Service headquarters. Vance had gone to College Station Thursday after Cottle County's commissioners Wednesday had refused to accept his appointment of Williams as county agent to succeed Stinson.

Stinson, still noncommittal as to whether he wants his County Agent's job back, will go to College Station with the Commissioners.

RUSSIA DROPS OUT OF PATROL GROUP

Soviet Ambassador Claims Recognition of Right to Join Force as Main Goal—Red Army Given New Orders for "Invasion" in Case of War.

London, Feb. 26. (AP)—Soviet Russia withdrew today from the projected six-power neutrality patrol of Spain.

The Russians, who had objected strenuously to a neutrality committee ruling which assigned their warships to the rough waters of the Bay of Biscay, decided they no longer desired to participate with Britain, France, Italy, Germany and Portugal.

Ivan Maisky, the Soviet Ambassador, indicated to the subcommittee of the neutrality group that Russia had achieved her main aim—recognition of her right to join the patrol, first opposed by Fascist powers.

Informed sources said the Soviet withdrawal will not interfere with the carrying out of the patrol scheme, which is designed to keep foreign men and arms out of Spain.

SOVIET CHANGES TACTICS UNDER NEW ARMY PLAN

Moscow, Feb. 26. (AP)—Revised general orders command the Soviet Army to meet the enemy on his own territory in case of war, it was disclosed authoritatively today.

The revised rules, already in effect, state:

"Any attack on the territory of workers and peasants will be repelled with all the strength of the armed forces of the Soviet Union through the transfer of military operations into territory attacking the enemy."

Soldiers—there are 1,200,000 of them in the great Red Army, which is second to none—were advised they should fight the enemy immediately in case of invasion "without waiting for special orders," and that they should "immediately and courageously" attack the foe "wherever he is revealed."

The revised instructions for the Army, which the Soviet Union always has insisted is purely defensive, follow upon speeches by War Commissar K. E. Voroshiloff and others in which antagonists of the Soviet Union were warned that it is ready to "meet the enemy on the territory whence he comes."

PORTUGAL ALSO WITHDRAWS FROM SIX-POWER PACT

London, Feb. 26. (AP)—Russia and Portugal—apparently by agreement—withdraw today from the projected six-power naval patrol of warring Spain.

Only Great Britain, France, Italy and Germany were left to begin the sea watch intended to prevent men and munitions from entering either side of the Spanish civil war. The start of the blockade has been set for midnight March 6.

The Lisbon Government, it was learned, reserved the right to re-enter the agreement if Russia does.

MADRID BATTALION LOST IN SPANISH CONFLICT

(By The Associated Press)

Annihilation of an entire battalion of Madrid militiamen, insurgent officers declared today, wiped out a Government offensive on the western border of the capital, near the Segovia bridge.

The hand-to-hand struggle for Oviedo, "the Alcazar of the Asturias," spread into the ancient sewers of the devastated city, advisers from Bayonne, on the Franco-Spanish frontier, reported.

The besieged insurgent garrison, blasted out of its fortifications above ground, was said to have entrenched itself in the sewers after a grueling back-to-the-wall battle of nearly a week.

The British steamer Llandoverly Castle, her bow dangerously stove-in by a floating mine she struck yesterday off Capo de Gues, docked at Port Vendres, France, with 500 passengers.

General Gonzalo Queipo de Llano broadcast from Seville, Spain, that an insurgent gunboat damaged the Dutch steamer Ramboj with shell fire before capturing it and seizing 120 tons of war materials destined for Madrid Government troops.

The entire population of the small town of Tortosa, after an air raid in which more than 100 bombs were reported to have been dropped, was said to have fled to the hills.

RELIEF FUND IN VERNON IS NEAR \$1,000

Incomplete reports from teams soliciting relief fund contributions indicated that about \$1,000 has been raised in Vernon, according to announcement early this afternoon by J. L. Showers, chairman of 12 teams of workers. A goal of \$5,000 has been set in the charity drive sponsored by the Vernon Community Service Association.

"To meet relief needs resulting from the recent reduction in WPA assistance," said Mr. Showers, "it is necessary for citizens of this county to contribute liberally in helping to care for needy families of this community and we trust that the response in the campaign now under way will more than reach the goal of \$5,000."

When the campaign is completed in Vernon, a meeting of contributors will be held to elect officers and directors of the association. The new officers will formulate plans for administering the funds.

Harley Gaines was elected president, Doris King, secretary, and Bert Fuston, treasurer. Mary Frances Johnson and DeWayne Davis and Miss McDougal were named members of a program committee.

Senior class were DeWayne Davis, Sophia Mae Gross, Virginia DeSho, Jane McClelland, Harry Babasht, Mary Page Brooks, and from the junior class, Lynn Ripperton, Leona Bond, Mary Frances Johnson, Mary Irene Duffy, Geraldine Sharp and Patricia Pearson.

MEXICAN UNIONS PROTEST INCREASING FOOD PRICES

Eagle Pass, Feb. 26. (AP)—Piedras Negras citizens have been called to a parade and demonstration Sunday in protest of high Mexican food prices.

Mexican labor unions, sources here said, were leading the protest movement, which attributed the reputed high prices of food and other commodities to new State and Federal taxes and to price fixing by merchants.

An ultimatum from the union, advising merchants to cut prices or the people would invade warehouses and take the goods.

The surrender of the strikers followed an address by Dr. Towne Nyländer, director of the regional National Labor Relations Board.

Before the submission, officers, armed with tear gas bombs, sticks and night sticks, were in readiness to force the strikers out of the factory.

TEAR GAS ROUTS 61 WORKERS IN ILLINOIS AFTER AIRCRAFT PLANT IS VACATED BY POLICE

(By The Associated Press)
Hundreds of strikers abandoned the new sit-down technique of enforcing their demands and turned to the older picketing method Friday.

Although new sit-downs cropped out along the widespread strike front, some State and local officials indicated they were prepared to deal sternly with strikers who refuse to evacuate plants.

Police armed with machine guns, tear gas bombs and pistols evicted 341 strikers from the Douglas aircraft plant at Santa Monica, Calif., largest of its kind in the world. The sit-downers were jailed on charges of illegal seizure of the plant. Union organizers recruited pickets to carry on the strike involving 3,500 employees.

Troubles Spread.
Some 75 men went on a sit-down strike at the Northrop Corp., Douglas subsidiary employing 1,150 workers, and 40 men walked out of the Rocky Mountain Steel Products plant in sympathy.

Sixty sit-down strikers at the H. Daroff & Sons clothing plant in Philadelphia marched out under police pressure.

Governor Wilbur Cross of Connecticut declared he would not tolerate sit-down strikes in Connecticut. Governor Harold Hoffman of New Jersey had made a similar statement previously.

Minneapolis residents protested interruption of electric service during a picket strike of electrical workers at the Northern States Power Company plants.

In a surprise, early morning attack approximately 50 deputies under the command of Sheriff Lawrence A. Doolittle of Lake County drove 61 entrenched strikers from the Faustel Metallurgical Corporation Plant at North Chicago, Ill. The sit-downers fled from two factory buildings after withstanding a gas attack for an hour. The rout ended a 10-day siege.

Prospects for settling another Illinois strike, at the Illinois Watch Case Company and its subsidiary the American Manufacturing Company, both in Elgin, appeared slim. Conference Deadlocked.

At Detroit conferees for the General Motors Corporation and the United Automobile Workers of America apparently were deadlocked over the latter's demand for a 20-hour week. A conference with the Chrysler Corporation was in the offing.

New strikes broke out in Detroit plants of Swift & Co., the Detroit Delivery Service, the Bon Dee Golf Ball Co., and Mitchell & Smith, makers of auto parts.

Strikes at the Perry-Morse Seed Co., the Arvey Corp., and the Pal-Sun Model Laundry, all in Detroit, were settled.

GAS ATTACK ROUTS 61 STRIKERS AT WAUKEGAN

Waukegan, Ill., Feb. 26. (AP)—An early morning gas attack by deputies forced 61 strikers out of the Faustel Metallurgical plant today. The strikers, on a sit-down in two of the factory buildings since Feb. 17, fled from the plant after withstanding the tear and "knockout" gas for an hour.

Some of them were bleeding from the effects of the gas, shot into the plant through windows.

Sheriff Lawrence A. Doolittle of Lake County mobilized about 50 deputies for the attack soon after President Robert J. Atchison of the corporation announced rejection of Governor Henry Horner's proposals for settling the strike.

The suddenness of the assault apparently caught the entrenched strikers by surprise. When the first tear gas shells fell in the buildings the strikers turned on air blowers but they proved ineffectual.

RELEASE OF 341 WORKERS AT SANTA MONICA SOUGHT

Los Angeles, Calif., Feb. 26. (AP)—Surrendering only after they received Federal Labor Board assurance their cases against the Douglas Aircraft Corporation would get an early hearing, 341 sit-down strikers were in jail today awaiting arraignment and possible release on bond.

William Busick and Andrew Schmolder, organizers for the United Automobile Workers, aircraft division, obtained release late last night on \$1,000 bonds and today were organizing pickets, declaring the strike would go on.

Shortly before the strikers capitulated to the law, between 200 and 300 deputies arrived to augment the huge force already there.

The strikers, who had earlier expressed a willingness "to die rather than forsake their cause," offered no resistance.

Police cars and automobiles awaited outside to take the strikers, all of whom were named in indictments returned by the county grand jury.

The indictments charged that the men conspired to violate sections of the State penal code prohibiting forcible trespass and malicious destruction of property.

The surrender of the strikers followed an address by Dr. Towne Nyländer, director of the regional National Labor Relations Board.

Before the submission, officers, armed with tear gas bombs, sticks and night sticks, were in readiness to force the strikers out of the factory.

STATE UTILITY BOARD SOUGHT

LIQUOR BODY CHANGE IS DEBATED BY COMMITTEE IN HOUSE

Austin, Texas, Feb. 26. (AP)—A State public utilities commission bore approval today of the House municipal and private corporations committee.

The group, after a lengthy discussion last night, adopted a subcommittee bill setting up a State department of public service which, with municipalities, would have dual regulatory powers over utilities.

The measure provided utilities might appeal to the commission from orders of a city government reducing rates and also ask review of the Government's failure to grant an application for rate changes.

Three utilities commissioners would be appointed by the Governor.

Representative Charles H. Tennyson of Wichita Falls, sub-committee chairman said the bill would operate in a manner similar to the gas utilities act. Administration would be financed by a one-fourth of one per cent tax on gross incomes of utilities, payable quarterly.

A bill to abolish the liquor board and transfer law enforcement to local officers was killed by the House State affairs committee by an 11 to 3 vote.

Governor Land enforcement the proposal.

"If you leave enforcement to the local officers, you will open a most fertile field for corruption," he asserted, "and you will see the sinister hand of the liquor traffic in every election for State Comptroller."

Advocates maintained a saving of \$500,000 yearly could be applied to old age assistance.

Opponents to a bill increasing the truck load limit from the present 7,000 pounds were scheduled to appear before a continued House committee hearing tonight. Proponents charged the present law had been passed as protection for railroads from truck competition and not as a safety measure.

A Senate committee voted favorably to extend the life of the Texas Planning Board 1-2 months to Sept. 1, 1937, after amending a bill which would have made it a permanent board.

A proposal creating a Panhandle water conservation district composed of 27 Texas counties and permitting three New Mexico counties to be included if they so voted was submitted among the flood of last-minute bills in the Senate.

Original Letter From Washington To Lord Cornwallis on Surrender Of British Claimed by Center Man

Center, Texas, Feb. 26. (AP)—T. R. Day, author and collector of rare documents, says he believes a letter in his possession is the original of George Washington's letter to Lord Cornwallis outlining the terms of surrender of the British Army at Yorktown.

Day says the letter was in a collection of documents he obtained from the administrator of the estate of Baron Friburgo, millionaire plantation owner of Brazil, in 1928.

Day says: "It is obvious to any thoughtful person that absolute proof of any documents of such age is impossible, but there are evidences which cannot be successfully disproved. The Washington letter was lost and unaccounted for up to the time this letter was discovered by me in Brazil. It fits the historical accounts of the surrender of Yorktown in every detail. The letter is written in what is recognized to be Washington's phraseology and literary style. Many competent judges and experts have examined it and all have pronounced it unquestionably authentic."

He named several prominent persons who had inspected the document.

Day says he checked the Congressional Library and learned the library had two letters from Cornwallis to Washington regarding the surrender but that Washington's reply

had been lost at least 100 years. According to Day's information, Cornwallis wrote Washington Oct. 17, 1781, asking for terms upon which his Army might surrender. The next day Washington replied and Cornwallis surrendered Oct. 19.

Day's letter reads: "Headquarters Before York, 18th Oct. 1781."

"My Lord: 'To avoid unnecessary discussions and delays I shall at once, in answer to Your Lordship's letter of yesterday, declare the general basis upon which a definitive or capitulation must take place."

"The garrisons of York and Gloucester, including the women, as you propose will be received prisoners of war. The conditions announced by sending the British and German troops to the parts of Europe to which they respectively belong, is admissible. Instead of this, they will be marched to such parts of the country as can most conveniently provide for their subsistence; and the benevolent treatment of prisoners, which is invariably observed by the Americans, will be extended to them. The same honors will be granted to the surrendering Army as were granted to the garrison of Charleston."

"Your Lordship will be pleased to signify your determination either to accept or reject, the proposals now offered, in the course of two hours from the delivery of this letter, that commissioners may be appointed to digest the articles of capitulation, or a renewal of hostilities may take place."

"I have the honour to be, My Lord, your most obedient servant."

"G. Washington."

Day says members of the Friburgo family were frequent visitors to France and England and that it is believed Baron Friburgo purchased the Washington letter while abroad. Day, grandnephew of George C. Childers, author of the Texas Declaration of Independence, has written several books on agriculture in Brazil.

SENATE DELAYS VOTE ON PARDON, PAROLE BOARD

Austin, Feb. 26. (AP)—The Senate Thursday turned down House amendments to an enabling act for the constitutional amendment creating a new Pardon and Parole Board and asked for a conference committee to adjust the differences.

This meant that the Texas clemency machinery, which had not functioned since Feb. 1, would remain idle at least a few days longer. Governor Allred sent up a second message this week urging speedy action on the bill.

One of the main differences was that the House desired to place the board at Huntsville, site of the main penitentiary, while the Senate wanted it domiciled here. Much of the argument against concurrence in House amendments centered on the location.

Rough on Pets.

Chicago, Feb. 26. (AP)—Mrs. Catherine Marach, 40, asking a divorce in Superior Court, alleged her husband: (1) choked her pet dog to death; (2) killed two canaries; and (3) tortured her by caressing a "plump" woman in a taxicab beneath her window.

"TURISTAS" WELCOMED

OLD MEXICO UNDERGOES RENOVATION TO GREET VISITORS FROM U. S.

Laredo, Feb. 26. (AP)—"Turistas" is a magic word in Old Mexico since the spectacular Pan-American highway opened the southern Republic's scenic wonderland to a tourist horde from the United States. Drowsy Indian villages are having a startling awakening.

Primitive natives who for centuries bathed in mountain streams, shared their rude adobe huts with the chickens and relied on the sleepy-eyed burro for transportation, are finding it not only necessary but profitable to modernize their communities.

When Mexico last Summer formally dedicated her \$17,000,000 link of the international highway, travelers were advised to bring their own bedding, food, medical supplies—anything to meet an emergency. Conditions are going to be different this Summer, however, and tourists can leave the bedrolls at home and look forward to that essential Yankee comfort—a room with bath—at the end of a day's journey.

Accommodations still are inadequate despite efforts of the Mexican government to meet the demands for modern hotel, garage, and restaurant facilities, but improvements are being rushed at every tourist stop from the border to Mexico City. The transformation of Tamazunchale is typical of what is happening along the twisting paved trail. There used to be only one erratic and very cold shower bath in this remote Indian village's lone hazy. Today there are more than 50 comfortable rooms equipped with private baths.

Indian dialects were as common as Spanish in Tamazunchale—dubbed "Thomas and Charlie" by the American tourists—before the new highway suddenly brought it within 12 hours of the United States and nine from the capital, by automobile. Even the shoe shine boys around the market place have a greeting in English these days.

At Victoria, capital of the State of Tamaulipas, 332 miles from Laredo, 40 rooms with baths have been added to the two hotels and a new tourist court is nearing completion.

In Villa Juarez, 83 miles farther into the interior, a fairly modern hotel has been remodelled to provide hot and cold water in each room. At Valles, 65 miles to the south, two large tourist courts are being built to accommodate more than 200 persons. A new hotel and two remodeled old ones add to guest facilities.

FRENCH MINISTER DEMANDS RECALL OF WAR VOLUNTEERS

Paris, Feb. 26. (AP)—Foreign Minister Yvon Delbos Thursday night instructed the French member of the London non-intervention committee to demand recall of all foreign volunteers from Spain, and announced the French Government would seek to end the Spanish civil conflict by mediation.

Delbos told the Representatives of the French Chamber in London, Charles Corbin, had told to demand volunteer recall, a policy he said must be applied loyally by all countries concerned.

A general European ban on new volunteers went into effect last Saturday midnight.

STORIES IN STAMPS

BY I. S. KLEIN

HE LED THE MARCH TO THE SEA

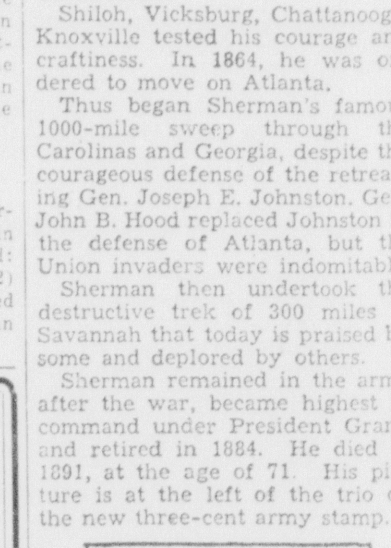

EXPLOSIVE, red-haired, William Tecumseh Sherman had retired from army life in 1850 to enter a growing business and legal career. But the Civil War called him and soon he became one of the wildest leaders of the Union forces.

Shiloh, Vicksburg, Chattanooga, Knoxville tested his courage and knifed him. In 1864, he was ordered to move on Atlanta.

Thus began Sherman's famous 1000-mile sweep through the Carolinas and Georgia, despite the courageous defense of the retreating Gen. Joseph E. Johnston. Gen. John B. Hood replaced Johnston in the defense of Atlanta, but the Union invaders were indomitable.

Sherman then undertook the destructive trek of 300 miles to Savannah that today is praised by some and deplored by others.

Sherman remained in the army after the war, became highest in command under President Grant, and retired in 1884. He died in 1900, at the age of 71. His picture is at the left of the trio on the new three-cent army stamp.

Mrs. Gracie Loomis, pictured near collapse in her Lombard, Ill., home, could give police little help in their latest theory that a former enemy might have killed her adopted son, Roger, 3. His strangled body was found in a snow bank near their home.

Family Affair.

Pueblo, Colo., Feb. 26. (AP)—Go slow and see the town—go fast and meet the Lattimer family. Police Magistrate Warren Lattimer followed Charles Becho's motor car, ordered his arrest for reckless driving, heard his trial, summoned Mrs. Lattimer as a witness and imposed a \$10 fine.

Two Way Split.

Elyria, Ohio, Feb. 26. (AP)—Ever since Jan. 1 the two Democrats and one Republican on the Board of County Commissioners had wrangled over allotting orders for three typewriters. But everything is all right now. One Republican and two Democratic dealers received the orders.

STAMFORD PREPARES FOR ANNUAL COWBOY REUNION

Stamford, Feb. 26.—Improvements on the Cowboy Reunion grounds to cost approximately \$10,000 were authorized at a meeting of the board of directors of the Texas Cowboy Reunion, Inc., here this week. The improvements will be completed in advance of the eighth annual session of the Reunion which will be held on July 1, 2 and 3. These dates were selected in view of the fact that July 4 falls on Sunday this year, however, July 2, 3 and 4 will be used in the following years.

Largest item on the list of improvements is a two-story pavilion and exhibit building estimated to cost \$5,000. The first floor of this building will be used for commercial exhibits and ticket office, while the second story will be used as a dance floor for the annual dances in connection with the entertainment of the cowboy sponsors.

For the greater convenience of cowboy contestants participating in the rodeo, a group of horse barns

and pens will be built where visitors may keep their horses. A new earth-water tank will be constructed in the area for greater convenience in watering stock.

G. O. P. Proposal Rejected.

Washington, Feb. 26. (AP)—Administration forces crushed the first Republican effort in the Senate to restrict the reciprocal trade program. An amendment by Senator Vandenberg, Republican, Michigan, prohibiting any trade agreement which would restrict power of Congress over internal taxes was rejected without a record vote.

It Can Happen

Milwaukee, Feb. 26. (AP)—Three conscience-stricken members of the Soldiers Relief Commission asked the County board to again reduce their salaries. They explained the Commission had virtually no work to do. Last year the Commissioners had their wages cut from \$1,500 to \$600 annually upon their own petition.

WHEAT PRICE STABILIZATION
SEEN AS RESULT OF PROGRAM

Washington, Feb. 25. (AP)—Secretary Wallace advised Congress today a Federal crop insurance program would help check wide fluctuations in wheat prices thus benefiting consumer as well as producer.

Price shifts, he said, are caused by alternate shortages and surpluses. He explained the insurance plan would withhold large quantities of wheat from the market in good years and release them from storage in bad years.

The plan, in behalf of which Wallace appeared before a Senate agriculture subcommittee, would apply to wheat in its first effective crop year, 1938. It would be extended to other crops as producers required it.

COSDEN OIL PLAN PUSHED

SECOND REORGANIZATION PROPOSAL DISCLOSED IN NEW YORK

New York, Feb. 25. (AP)—A second plan for reorganization of the Cosden Oil Corporation, with producing properties in Texas and Oklahoma, was disclosed Thursday by C. Shelby Carter, New York, chairman of a protective committee for common stockholders.

Aimed to inject about \$1,000,000 of new capital into the company, the plan was drafted for submission to Federal Judge Wilson at Fort Worth next Monday in substitute for one proposed by the Cosden management.

Carter described it as a "more equitable proposal for all classes of security holders" and said it had the backing of "substantial interests" in the concern.

Under it J. S. Cosden would remain as president and James C. Wilson & Co., New York, underwriters of the plan, would have representation on the board.

"It eliminates the extravagant conversion features of the first mortgage bonds provided under the Cosden management plan," added Carter.

WILBARGER LEASES OWNED BY COSDEN CORPORATION

The Cosden Oil Corporation has a number of holdings in Wilbarger County, including a 519-acre lease in the W. T. Waggoner ranch, slightly more than a mile southeast of the new producer, Phillips No. 51, which has created considerable excitement in Northwest Texas oil circles. The corporation has smaller holdings in other parts of the county.

OPINION TO BE WRITTEN ON RED RIVER FISHING RICH

Oklahoma City, Feb. 25. (AP)—Houston Reeves, Assistant Attorney General, was assigned today to write an opinion on the right of Texans to fish in the Red River without Oklahoma license.

A delegation of Texas legislators conferred this week with members of a special committee of the Oklahoma House and Senate, seeking passage of a resolution which would end the arresting of Texans by Oklahoma game wardens along the boundary river.

Senator John McDonald of Durant said today he felt confident the Attorney General's opinion would favor the Texans.

FUNERAL RITES ARRANGED AT BRENNHAM FOR J. P. BUCHANAN

Brenham, Feb. 25. (AP)—A private car bearing the body of the late Congressman J. P. Buchanan, members of his family and the funeral party from Washington will arrive here Friday afternoon at 2:28 p. m.

The body will lie in state from 3 to 4 p. m., when the funeral services will be held. The Rev. H. C. Willis, pastor of the Giddings Memorial Methodist Church, will officiate.

Interment will be at Prairie Lea cemetery here, under Masonic auspices.

Active pallbearers will be Jack Thornhill, Jack Green, Gus Fink, T. C. Routh, Oscar Hoffman and Mayor Benas B. Lockett, all of Brenham; Dick Folkes of Giddings and Tom Nelson of Round Rock.

The Rev. George N. Cook, pastor of the First Baptist Church, will conduct the Masonic ritual at the cemetery.

The Luddy Wright Post of the American Legion and a local cavalry troop will furnish a military guard to meet the train and escort the body to the cemetery.

All business houses of the city will close during the funeral.

WAGE DISCUSSION WHILE 30-HOUR WEEK AIED

Detroit, Feb. 25. (AP)—Representatives of General Motors and the United Automobile Workers of America seeking to settle issues remaining from recent strikes delayed wage discussions today to consider the union's demand for a 30-hour work week and six-hour work day.

C. E. Wilson, General Motors vice-president, emerging from the conference, said the group discussed "the theory of the 30-hour week," and added:

"I don't think the country is ready for it yet, nor is the industry ready for it."

Wyndham Mortimer, union first vice-president, said, before the conference entered their fifteenth meeting:

"We are going to demand equal wages for both men and women with no discrimination because of sex."

The union also was understood to be proposing a guaranteed annual income for automobile workers.

CONSTITUTIONAL CONVENTION PROPOSED IN LEGISLATURE

Austin, Texas, Feb. 25. (AP)—The question of a convention to revise Texas constitution would be submitted to the people in an election next August under a resolution introduced by Representative Charles D. Rutta of Columbus. Should a convention be approved, it would be held in Austin the first Monday in October.

Armed forces of the world now number 8,200,000 men.

CONSTIPATION IS A MISERABLE THING!

It takes the pep right out of you—makes you feel tired and irritable—ready to worry over the slightest thing.

Yet it can be corrected in most cases so easily. Common constipation is usually caused by lack of "bulk" in the foods you eat.

Millions of people have learned that Kellogg's All-Bran ends constipation by putting "bulk" back in the diet. Within the body, All-Bran absorbs twice its weight in water, forming a soft mass and gently sponging out the system.

Kellogg's All-Bran also furnishes vitamin B to tone the intestines and iron for the blood.

Two tablespoonfuls daily as a cereal with milk or cream, or in recipes, are sufficient. Three times daily in severe cases.

Sold at all grocers—and guaranteed by Kellogg in Battle Creek.

VOLLEY BALL MEET STARTS

OKLAUNION GIRLS PLAY RINGGOLD SQUAD IN DISTRICT MEET

The Oklaunion girls' volleyball team was in Wichita Falls this afternoon, ready to meet Ringgold in the second game of the district 9 tournament. Post Oak and Iowa Park met at 2:30 o'clock in the first tilt.

The winner of the Oklaunion-Ringgold match will have a bye in the second round. Vernon was originally scheduled to meet the winner of this game but has no entry in the meet.

The Oklaunion girls, outstanding in Wilbarger County competition for several years, are thought to have one of the strongest teams entered in the district tournament.

DOYLE MAKES COME-BACK IN LONDON FIGHT CIRCLES

New York, Feb. 26. (AP)—Fawcett, if you will (or can), the idea of Jack Doyle being a fistie sensation in the fog belt, or, for that matter anywhere.

But he is—the biggest draw in London, drawing as much as \$6,000 a chunk.

The authority for the foregoing is 47-year-old Brigadier General Alfred Cecil Critchley, London sports promoter and prominent international golfer.

"Three years ago I bought Doyle for something like \$5,000 and he immediately ran out on me," smiled Critchley.

"He went to the United States, and after he was flattened by Buddy Baer in one round, I lost interest in the investment," he continued. "But when he returned to England and started to box fairly good sized purses, I slapped a lien on his earnings, and now I get 25 per cent of his purses. I'm getting my money back plus trimmings."

"But the funny part of it is that Doyle's a shocking fighter with a chin of the cheapest glass. He's perhaps the poorest fighter I've ever seen, but he has a good right hand. It's unpredictable what he'll do with it and the crowd goes wild when he enters the ring."

GAME CONTROL BILLS HEARD

HOUSE COMMITTEE GIVEN THREE PROPOSALS FOR CHANGES IN LAWS

Austin, Feb. 26. (AP)—Bills proposing universal hunting and fishing licenses and regulatory powers for the Game, Fish and Oyster Commission today rested in a subcommittee of the House of Representatives. The three proposals will be redrafted with minor changes agreed upon at a hearing last night.

A. E. Wood of Austin, chairman of the reorganized Game Commission, Will Tucker, Commission Secretary, and other representatives of sports organizations appeared for the bill. Marcus Waldensmidt of the New Braunfels Chamber of Commerce was the lone opponent.

Proponents said the licenses would provide badly needed revenue to increase the game warden force for protection of wildlife resources and facilitate propagation.

Waldensmidt contended a universal fishing tax would be resented by tourists who would go to coastal waters where no license was needed. He also cited instances where it would impose a hardship on poor people.

NEW TEAMS TO ENTER TODAY

GRADE SCHOOL JUNIORS TO PLAY QUARTER-FINALS HERE TONIGHT

The basketball tournament of the grade school division of the Wilbarger County Interscholastic League opened at the Vernon High School gymnasium yesterday with Odell, Northside, West Vernon, South Lockett and Hinds winning their first matches.

Five-in-One won by a forfeit from East Vernon and South Lockett and Rock Crossing won by forfeits from Farmers Valley and Elliott, respectively.

Play in the high school junior division will begin this afternoon at 4 o'clock with a game between Harold and South Lockett. At 4:45 Five-in-One will meet Odell and at 5:30 Northside will play West Vernon.

Two quarter-final games in the grade school class will be played tonight, with Odell meeting Northside at 6:15 o'clock and West Vernon playing Five-in-One at 7.

South Lockett defeated Rock Crossing in another quarter-final game, played last night, and will meet Hinds in the semi-finals. Hinds drew a bye in the quarter-final round.

Outstanding in yesterday's play was Lewis, South Lockett forward, who scored 18 points in the South Lockett-Rock Crossing contest.

Also outstanding were Midway's two midsize forwards, Robert Harkins and Horace Keys. Although Midway was decisively beaten by the West Vernon eagles, Keys and Harkins played an astonishingly good game. Harkins, in the first quarter, scored the game's first basket, a back-handed overhead shot that has rarely been duplicated.

In the only close game of the day, Hinds won from Oklaunion by a score of 14 to 10, with six of the Hinds points coming on free throws.

GOLF ACES OF STATE FACE TEST AT HOUSTON

SECOND CHAMPIONSHIP IN "BIG 5" IS TAKEN BY GRADY GRAVES' BOYS

Houston, Feb. 26. (AP)—Shotmakers who survived the tough competition of the twenty-third Houston Country Club Invitation Golf Tourney for today's round of match play considered themselves lucky.

The championship bracket was still cluttered with big names, including Medalist Harry Todd of Dallas, 1933 Texas Amateur Titleist, Johnny Dawson of Chicago, twice winner of the tournament; Reynolds Smith, Dallas Walker Cup player; O'Hara Watts of Dallas, and many others. But some brilliant stars were missing.

Don Schumacher, Texas amateur champion from Dallas, and Jack Malloy, Tulsa, were in consolation matches, the victims of Jack Cameron and T. J. Ahearn, respectively, of Houston. They fell by the wayside in yesterday's first round, which failed to produce a strong favorite.

Ahearn's victory put him in second round play with David L. Davis, University of Texas star from Tyler, and Cameron's win matched him with Ed Herzon, Jr., of Houston.

Todd, whose fine putting stood out in his first round win over Bobby Riegel of Beaumont, had no easy ticket in Edwin McClure, the Shreveport ace, and Johnny Dawson met similar opposition from Robert Glover of Houston.

Another star of many golf tournaments and in the consolation was Rufus King of Wichita Falls. Hack Willford of San Antonio ousted him and drew as a second round opponent O'Hara Watts, who eliminated young Jimmy Walkup of Fort Worth.

TRACK MARKS IN DANGER

A. A. U. INDOOR MEET MAY SEE NEW RECORDS FOR MANY EVENTS

New York, Feb. 26. (AP)—To hear the A. A. U. tell it, there won't be much left of the record books after the track and field army gets to work in the National Indoor Championships at Madison Square Garden tomorrow night.

Looking over as classy a field as the championships ever have had, the A. A. U. came up today with this official announcement:

"Five world's records and 11 championship records will be in direct peril from the ever-improving group of American and foreign athletes."

Headline the list in call as well as competition is the so-called indoor "metric mile of the century"—the 1,500 meters—bringing together the world's top middle-distance runners with the lone exception of Jack Lovell, whose name was dashed in with a world record 3:29.9 last year and will defend the crown.

But the A. A. U. explained that if the boys really get serious, the world's records for the 600 and 1,000 meter runs and the 1,000 and 2,000 meter relays, as well as the 1,500 will be smashed.

In addition, the fields in various other events, making the championship the climax games of the season, also threaten meet marks at 5,000 meters, 3,000 meters steeplechase, 1,600 meter relay, 65 meter hurdles, pole vault and shot put.

With Glenn Cunningham, Indiana's Don Lash, Italy's Luigi Beccali and Archie San Roman lining up beside Lovell in the 1,500-meter field, in what amounts to an "Olympic games re-run," Lovell's year-old record may be chased right out of existence.

Syracuse Eddie O'Brien, another member of America's Olympic brigade, is back in form, and that spells trouble for the 600 meter mark of 1:21 O'Brien set last year.

Norman Bright of San Francisco and the Texas Rident twins, Wayne and Blaine, will go after Bright's meet mark of 15 minutes flat for 5,000 meters.

Whether it had anything to do with a report published in Detroit, that Promoter Jack Kearns had wired Johnston an offer to put on a Baer-Pastor fight there, could not be learned.

Max considered himself insulted when New York Athletic Commissioner Bill Brown referred to him as "a couple of pumps" at the Commission meeting Wednesday.

Guldbahl Leads Field.

St. Petersburg, Fla., Feb. 26. (AP)—Par-smashing professionals took up the chase of Ralph Guldbahl, of St. Louis, in the final round of the \$3,000 open golf tournament today. Guldbahl led the semi-final round with a 36-hole card of 132. One stroke behind was youthful Byron Nelson, of Redding, Pa., while Horton Smith, Chicago; Clarence Deser, Rochester, N. Y.; and Johnny Revolta, Evanston, Ill., had 141's.

CROWELL WILDCATS GRAB TITLE WITH 28-25 WIN OVER QUANAH

SECOND CHAMPIONSHIP IN "BIG 5" IS TAKEN BY GRADY GRAVES' BOYS

Crowell, Feb. 26.—A deadlock with the Quanah High School Indians was broken here Thursday night when the Crowell Wildcats defeated the Indians, 28 to 25, in the final of a three-game series to determine the 1937 championship of the Northwest Texas (Big 5) Basketball Conference.

With the regular schedule ending in a first place tie, the two quintets had divided honors in previous play-off games, Quanah winning the first 35 to 27, and Crowell the second, 36 to 35.

The game giving Coach Graves' Wildcats their second title since the conference was started in 1935, was played before a crowd that packed the Crowell gymnasium. Crowell was the first champion and Quanah the second. Last year's championship was settled when the Indians beat Crowell in breaking another first place deadlock in the final game of the season.

The Wildcats held the lead most of the way last night. The Indians staged a rally to knot the count late in the third quarter. From then until the end of the game, the lead exchanged hands several times.

VENTURI-MONTANEZ BOUT WATCHED BY LOU AMBERS

New York, Feb. 26. (AP)—For a peek at what the fistie future may have in store for him provided he gets by Tony Canzoneri in their coming bout, Lightweight Champion Lou Ambers should take in tonight's battle between Enrico Venturi and Pedro Montanez.

The belting Italian and the heavy-hitting Puerto Rican tangle for 15 rounds or less in Madison Square Garden, if they successfully pass the "weight bogey-man" at the weighing in this afternoon.

The winner probably will get a shot at the title after Champion Ambers and Challenger Canzoneri get through swinging April 2.

INTERSTATE ASPECTS OF LIVESTOCK TRADE STUDIED

Washington, Feb. 26. (AP)—Agriculture Department experts told a judicial sub-committee that "very large proportions" of livestock and season over interstate commerce.

Displaying large charts, C. L. Harlan, livestock statistician and Lawrence Myers, chief of the Farm Administration's marketing section, testified to that effect on the O'Mahoney bill for Federal licensing of corporations.

Senator Norris, Republican, Nebraska, commented the chart and exhibits showed "agriculture isn't a local business," and added: "We ought to show them to the Supreme Court."

Leaves University.

Austin, Feb. 26.—Resignation of Joe L. Bruns as instructor in mechanical engineering at the University of Texas, has been announced by Professor W. R. Woolrich, dean of the College of Engineering. Mr. Bruns, who received the bachelor of science degree in mechanical engineering in 1928 and the master's degree in 1931, both from the university, will leave about March 1 for Houston, where he has accepted a position with the Shell Petroleum Corporation.

Post Office For Sale.

Washington, Feb. 26. (AP)—The Treasury has offered for sale the old post office and courthouse at Beaumont, situated on Pearl and Liberty streets and occupied at present by State and county relief agencies. Bids will be opened here March 22.

TEXAS TRAFFIC BILL PASSED

SENATE GETS MEASURE TO PLACE TEETH IN LAW ON DRIVERS' LICENSE

Austin, Feb. 26. (AP)—The House of Representatives passed a bill today to put teeth in the drivers' license law. The vote was sufficient to make the bill effective immediately if approved by two-thirds of the Senate membership.

Strengthening of the driver's license law was one of the chief points in Governor Alfred's second term program.

The bill would require examinations of all applicants except that licenses would be issued without examination for three months after the effective date of the act to persons able to prove they had driven satisfactorily for at least a year. Examinations are not required under the present law.

The examinations would require a test of the applicant's eyesight, his ability to read and understand highway signs regulating, warning and directing traffic, his knowledge of the traffic laws and an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle.

Representative Clarence E. Farnsworth introduced the bill.

The vote on final passage was 106 to 12.

FREE TEXTBOOK MEASURE IS TABLED BY SENATORS

Austin, Feb. 26. (AP)—The Senate tabled subject to call a resolution directing the Board of Education to purchase free French text books for use in public high schools.

Senator Grady Woodruff of Decatur who offered the resolution withdrew it after fellow senators proposed to include economics, Polish and Yiddish books.

Woodruff objected fellow members were "having fun" at his expense. Senator Will Pace of Tyler, who proposed to include Yiddish texts, declared the fun was at "expense of the State."

Mrs. Lucinda Cline, 105, of Wisner, Neb., attributes her longevity to pipe smoking.

Questions that Some Folks Ask

About Cardui

Thousands of women testify Cardui has helped them to overcome malnutrition and to ease many of the functional pains of menstruation.

"What is meant by 'helping to overcome malnutrition'?"

Cardui contains extracts of two plants which are classed among the "bitters" in medicine because they are known to increase the flow of digestive juices.

There is a craving for sufficient food for the body's needs, and by their action more energy (or strength) is obtained from the food eaten. The food, of course, brings the additional strength, but Cardui serves as the means to this end by its good influence on the digestive system.

Milf Taggart, popular orchestra leader, composer and violinist, will make his first appearance in this section tonight at the Hill Crest Country Club. Taggart's 12-piece orchestra will furnish music for a dance sponsored by the Junior Chamber of Commerce which will begin at 9:30 and continue until 1:30. Favorites with west coast dancers, Taggart and his orchestra will be well-liked here. Junior Chamber officials predicted. Tickets will be \$1.65 at the door. The advance price is \$1.10.

NAZI COLONY DEMAND HEARD

ENVOY TO ENGLAND GIVES NEW PROPOSAL TO EDEN IN LONG DISCUSSION

London, Feb. 26. (AP)—Joachim von Ribbentrop, German Ambassador to Great Britain, called unexpectedly today on British Foreign Secretary Anthony Eden to renew Germany's demands for return of her war-lost colonies.

The Nazi envoy remained in a long conversation with Eden in which they talked over the general European situation and the prospects of reaching an agreement on a prospective pact to ensure the peace of Western Europe.

Diplomatic sources said Eden reiterated Great Britain's stand that nothing can be done to restore the Reich's colonies or surrender of British-held League of Nations mandates until the security of Europe is established by a general accord.

GOVERNOR SETS DATE FOR BUSINESS WOMEN'S WEEK

Life of Famous Liberal Treated In Review Here

Biography of a hero of two continents, the Marquis de Lafayette, was pleasantly recounted by Mrs. H. D. Shive Thursday afternoon in her review of "Lafayette, a Life," by Adolf Andreas Lutzko. The review was sponsored by the Delphian Club book review committee in the County Court room, and the reviewer was a member of the committee.

A husband at 16, father at 18, and a major-general at 20, Lafayette furnished historic a romantic subject for subsequent review. He was described by his mother as "a red-haired savage," and by himself as "a defender of liberty, which I adore," the reviewer said in the course of her discussion.

Especially did she dwell upon Lafayette's four visits to America, his participation in the Revolution, his gallantry at Brandywine and Valley Forge, and the ultimate surrender of Cornwallis at his hands. Lafayette's friendship for Washington resulted in his naming his son and heir for the commander-in-chief, she said. Mrs. Shive also related how after his last visit to America Lafayette returned to France with a chest of earth in order that his bones might be in American soil.

As a result of his liberal views and his loyalty to the monarchy, Lafayette suffered both the enmity of the proletariat and Louis XV during the French Revolution, the speaker said. She described his imprisonment in Austria, his reunion with his family, and the slowing tempo of his experiences until his death at 77. Two letters written by Lafayette, one to a friend and one to his wife, revealed that the Marquis might have been a writer of note had that been his inclination.

The review showed careful study of the biography, a wide knowledge of the history of the period and a profound sympathy for the central figure of the biography. Mrs. Shive was compensated by an extremely appreciative audience.

Women Flyers Active From 16 to 60 Years

Washington, Feb. 26. (AP)—Take a look at America's 44 licensed women aviators.

Some are just past sweet 16 and others are nearing 60, Bureau of Air Commerce records showed today.

They are housewives, movie stars, mothers and just plain working girls. Some—295—fly for fun with private licenses. Seventy-one in the transport class roll up air records that make male pilots gasp. Fourteen have recorded more than 1,000 hours flying time.

A few learn their landings on grandpa's east eighty; others practice on a city airport's smooth runways.

Only good bet on a woman pilot, apparently, is that she lives in California. More than one fourth—122—of those holding licenses reside there. In that State lives the oldest woman pilot now licensed by the Bureau, Edith B. Clark of Santa Monica, who is 59.

Regulations don't permit girls to fly until they are 16, but five 17-year-olds share the "youngest" honors on the records here. They are:

Lucy Sagorino of Corpus Christi, Nora J. King of Bryn Mawr, Pa., and Evelyn G. Sharp, of Ord, Neb., with private licenses requiring at least 50 hours solo flight, and Barbara Huckins of Dallas, and Norma Christman of Allentown, Pa., with 25-hour amateur licenses.

Diet Changes Give Ritz Chef Additional Worry

New York, Feb. 26. (AP)—Nobody loves the potato today, lamented Charles, head waiter of the Ritz, with a desolate look in his deep, dark eyes. Only "old ladies who no longer care" eat potatoes with gay abandon, as they should be eaten, he said.

Food isn't as much fun as it used to be, he sighed, when the potato was regarded without suspicion, and debutantes pushed back their sleeves and plunged into big plates of "floating heart."

"Floating heart," to those who don't remember, was a vanilla mousse, very rich, laden with amber vanilla sauce and chocolate chips. It was in its heyday about 10 years ago, before girls started getting slim.

Charles said there wasn't even as much creamed chicken at Society girls' luncheons as there used to be. In the good old days, you couldn't look at a debutante without thinking of creamed chicken.

Now they take a little tomato bouillon, a bit of austerio broiled chicken, a green salad with lemon sauce (non-fattening) and maybe a cracker, and call it quite.

What puzzles Charles is the girls are so strong. He hasn't seen a girl faint all season.

NORTHSIDE P.T. PRESIDENT NAMES NEW COMMITTEES

A number of committees necessary to smooth functioning of the Northside Parent-Teacher Association were appointed at a meeting Thursday afternoon at the school. The appointments were announced by Mrs. J. N. Fulcher, president of the unit, which is still in its initial year.

Personnel of the committees included the following: Lawn beautification—J. L. Goble and H. H. Scherer; pre-school round-up—Mrs. Clyde Crisp, chairman, and Mesdames Ben Ketchersid, F. M. Ashley, and B. Goodpasture; program for round-up—Mrs. J. S. Mason and Mrs. Ben Close; nominating committee—Mrs. Roy Owens, chairman, and Mesdames Roy Cawbe, F. M. Ashley, and H. H. Scherer.

A report of the beautification committee was given by Mrs. W. S. Fitzgerald, who stated that the school grounds have been landscaped and numerous trees and shrubs planted. Assisting Mrs. Fitzgerald were Mesdames H. E. Key, F. C. Irons, and Grady Stowe. At the conclusion of the report Mrs. H. H. Scherer read Joyce Kilmer's poem, "Trees."

Plans were made at the meeting for serving lunches at a county junior volleyball tournament to be held next week at Northside. Attendance prize for the meeting was given to Miss Mittie Colley's room.

The program was on "Cooperativeness" and was sub-titled "Does team work count in character growth?" Music was furnished by Miss Colley's home room and posters by pupils of Mrs. T. R. Compton. A reading by Dale Anderson and a play on "Cooperativeness" by Virginia Moore and Geraldine Jones completed the program. Twenty members were present.

Parents Invited To Use P.T. A. Library Books

A circulating library including 65 books and pamphlets of interest to parents has been made available by the City Council of Parent-Teacher Associations. Interested parents have been requested to obtain the books from Miss Jewell Holliman at the Vernon Junior High School by Mrs. R. M. Hampton, Council chairman.

Among the books and pamphlets available are "The Child and His Constitution," "Learning by Doing," "The Exceptional Child," "Intelligent Testing," "Discipline," "Educating the Handicapped," "Managing the Family Income," "School-Home Cooperation," "Understanding Your School-Age Child," "Sex Conduct," "The Child for Emotional Harmony," "What Money Means to the Child," "Parents' Answers to Children's Sex Questions," "What Motion Pictures Mean to the Child," "Marriage and Modern Life," "Character Through Religious Control," and "The Importance of Failure."

Junior B. T. U. Workers Entertained at Dinner

Mr. and Mrs. H. G. Cox, 2110 Deaf Smith Street, entertained officers, leaders and the sponsors of the First Baptist Junior B. T. U. Thursday evening with a dinner at their home.

A two course menu was served at quiet tables. The St. Patrick's day motif was carried out and each table decorated with a bouquet of sweet peas and narcissus.

Eldon Jackson gave the invocation, and following the dinner Mrs. Cox told the story of St. Patrick's Day. At the conclusion of a social hour the departmental director, Miss Ottilie Vaughn, presented a conference on plans and program. Mrs. Cox dismissed the group with prayer.

Those present were Mesdames Gladys Wood, Alva Brazil, Edna Smith, Ruby Brazil, Ruby Smith, Ottilie Vaughn, Mrs. Steel, W. T. Lewis, Mr. and Mrs. Eldon Jackson, Mrs. Don Oliver of Elkhart, and Mr. and Mrs. Cox.

Much Interest Evident For Marionette Shows

Prospects for seeing two marionette shows by one of the best organizations in the country stirred enthusiasm of Vernon school students today as they looked forward to seeing performances of the Russ Rose marionettes at 3 and 8 p. m. in the auditorium of the Vernon Junior High School.

The sponsors of the benefit performances, members of the Vernon High School and Junior High School Parent-Teacher Associations, were confident of the merit of the presentations and of good attendance. Rural school children will be brought to Vernon in school buses, according to present plans.

"Snow White and the Seven Dwarfs" was scheduled to be shown at 3 o'clock for 10 and 15 cents, and "Treasure Island" and a marionette carnival at 8 p. m. for 15 and 25 cents.

Nominating Committee Named by Fannin P.T.A.

A nominating committee to report a suggested slate of officers for next year was elected Thursday at a call meeting of the Fannin Parent-Teacher Association at the school. The committee will report at the unit's March meeting.

Members of the committee are Mesdames W. P. Layne, A. P. McClellan, and O. M. Barrett. Mrs. Everett Westbrook, president, directed the business session. The attendance prize for the meeting was awarded to Mrs. J. D. McStay's home room.

Present for the meeting were Mesdames Hugh Bell, R. B. Adams, W. O. Stine, W. T. Chitt, A. P. McClellan, Charles L. Welch, A. D. Anderson, O. M. Barrett, and Miss Grace Patterson.

SPANISH POT KEEPS BOILING.

As Rebel Cause Grows More Desperate, Neutrality of Major Powers Becomes Harder.

In spite of efforts of the powers to confine the fighting in the Spanish revolution to Spain and Spaniards, there remains doubt of whether that purpose will be accomplished. Intervention of other powers would be welcomed by some leaders of the rival Spanish factions, and this will continue to prove a disturbing factor.

Support of the Spanish factions has fairly well divided the present time has shown the preponderance of sentiment to be favorable to the Government or Communist party. The rebels have Germany and Italy on their side, but the Government can claim the support of the rest of Europe.

This alignment does not mean that Great Britain and some of the other more democratic nations are espousing the cause of Communism, as such. The Spanish situation has resolved itself into a choice between contending systems, and as between Communism and Fascism leadership in most democratic countries prefer the former. The point of chief interest, however, is whether the major powers will be able to preserve neutrality and let the Spanish factions settle their difficulties inside the borders of their own country.

The recent shelling of a British vessel by rebels may have been merely an irresponsible act, but on the other hand it may indicate a deliberate plan on the part of the rebels to involve other nations in the hope of saving a lost cause. For the sake of the Spanish people and for the general peace of the world it is to be hoped that the trouble can be brought to an early conclusion.

FARM COOPERATION IS ESSENTIAL.

Even Individualists Must Concede Necessity for Working Together in Some Projects.

An ambitious program for 1937 has been drawn up by community agricultural associations of the county. Through these organizations farmers in the county will seek to secure gas lines and telephone service serving rural communities, promote soil conservation, eradication of rodents and predatory animals, and carry on many similar activities.

More and more farmers are beginning to realize the need for concerted effort, not only with regard to national farm policies, but with regard to equally pressing problems at home. Eliminating gophers on one farm when they are plentiful on the other side of the fence is of no more permanent value than listing one farm while an adjoining one suffers the ravages of wind erosion.

A policy of absolute individualism on the part of a farmer can be as disastrous as absolute nationalism on the part of a nation, and this lack of solidarity is responsible for economic discriminations against agriculture in the past 15 years.

Cooperation can be emphasized by organizations until the individual loses all power to think or act for himself, but intelligent cooperation in solving community and national problems is the farmers' chief hope for obtaining economic security.

GAS MASKS WON'T SOLVE WAR PROBLEM.

The Chief Results Follow Peace and Both Bellies and Neutrals Are Losers.

Scientists, according to news dispatches, have informed the English people their anti-gas and anti-air raid devices are for the most part worthless. The god of war must have chuckled as he heard the pronouncement.

It is too often the belief if we can escape the gas and bombs we are safe. And of course whatever means can be devised to save lives of non-combatants are good. Unfortunately, however, no mechanical contraption can avert the aftermath of war. That gas masks are or aren't workable is comparatively unimportant.

The effects of the last war are still felt. No anti-gas device can avert the terrible inevitability that there can be no winner in a war. Every participant must eventually suffer and finally so must non-participants. If the scientists had announced the gas masks were efficient and would do their work effectively, old Mars still would have chuckled—he probably would have laughed aloud.

When carrying out his beheadings, Germany's professional executioner is required to wear somber formal dress, probably a cutaway.

Hungarian university professors point out that education causes flat feet. Maybe we were wrong about that traffic cop.

A prominent clothier says, "Men's clothes will reflect the new philosophy of leisure." We can then expect a sitdown suit.

The unmarried English woman who left \$75,000 to the Canadian Mounties probably admired them for their ability to get their man.

The Terre Haute, Ind., policemen demoted to "maintain harmony in the department" probably sang off key in the station quartet.

It used to be "Here comes a collector; pull down the shades!" In this trailer era, it's...step on the gas!"

Were Things Simpler In The Old Days—

STOCK TRADES GET INTEREST

PYRAMIDING OF WEALTH THROUGH INVESTMENTS IS OUTLINED

Washington, Feb. 26. (AP)—The Securities Commission turned today in its investigation of investment trusts to a study of the Central States Electric Corporation's stock trades. L. M. C. Smith, Commission attorney, said he wished to develop further information on the transactions by which Harrison Williams, one-time bicycle manufacturer, gained control of a two-billion-dollar utilities empire through a \$2,072,000 investment in Central States Corporation.

While unfolding yesterday for the Commission the story of the pyramiding of his wealth in the boom days before 1929, Williams denied there had been pool operations in Central States' common stock.

Smith and David Schenker, another Commission attorney, had brought out that the market value of the stock increased from \$25,000,000 to \$650,000,000 in the 18 months before August, 1929.

OIL OPERATOR SCORES TAX THREAT TO INDUSTRY

Wichita Falls, Feb. 26.—Oil has given the youth of Texas the first public school in the nation, but the upkeep of existing and proposed educational plants is seriously threatened by proposals to increase oil production taxes to the point where these dependable sources of tax revenue may be destroyed, according to C. J. Tucker, independent oil operator and manager of five hundred stripper wells in the Wichita Falls district.

"Our communities in the North Texas oil producing area are typical of many throughout the State where pumping oil fields comprise the principal source of tax revenue, livelihood and trade," said Mr. Tucker. He expressed fear when queried concerning the prospect of having to pay higher taxes on oil, pointing to the fact that any increase in oil production taxes will hasten the abandonment of thousands of pumping wells in his district and elsewhere throughout the State. He said there were more than 15,000 pumping wells in this area alone which only produce an average of two or three barrels of oil daily, on which taxes now levied by the State and local taxing districts average more than eight cents a barrel.

TEXAS WEEK OBSERVANCE IS LAUNCHED AT DALLAS

Dallas, Feb. 26. (AP)—International significance is added to the fifth annual State observance of Texas Week, the first week in March, with Dallas announcing a coincidental Pan-American program as timely acknowledgment of enthusiastic receptions tendered Greater Texas and Pan-American Exposition goodwill envoys in the Latin American countries.

Proclaiming Pan-American Week, March 1 to 6, in a colorful ceremony on city hall steps at noon Friday, Mayor George Seitz asked that Dallas lead the way for Texas in taking advantage of this opportunity to study Pan-American history and contemporary affairs and their relation to state and national interests, theme of the Greater Texas and Pan-American Exposition, opening here June 12. In response, Dallas will swing into a city-wide observance of Pan-American Week, beginning Monday, March 1.

Texas Senator Seeks Control Of War Profits

Washington, Feb. 26. (AP)—As congressional committees began discussing legislation, Senator Tom Connally of Texas introduced a bill to control "profiteering" in industry and to lay heavy taxes on individuals in time of war.

He cited two aims he hoped to achieve through the legislation: to provide means for paying for the conflict out of current taxes rather than borrowing.

"Having in mind the existence of special problems incident to war conditions and the necessity for special statutory consideration therefore, the bill I propose includes, in addition, to a revision of the rate structures now existing in the revenue act of 1926, several new provisions considered readily adaptable in time of war and devised as to be productive of revenue," he said.

"Some of the matters included in the bill consist of provisions relating to carryover of government contracts, loss in inventory by virtue of price declines due to war cessation, depletion allowances, amortization of war facilities, tax determination in first return under the existing peace-time revenue act, as well as the contemplated war revenue act, and filing of bond incident to appeal.

The bill would provide that as soon as the United States enters war, increased tax rates and reduced exemptions for individuals would become effective automatically. Personal exemptions would be lowered to \$800 and \$1,600 respectively, for single and married persons and the rate of tax would be 10 per cent. With a surtax beginning with 6 per cent on the first thousand dollars in excess of the exemption and reaching a maximum of 80 per cent.

INDIAN HOUSEWIVES WILL GREET MRS. ROOSEVELT

Okmulgee, Okla., Feb. 26. (AP)—Creek Indian housewives "with plain house sense" and not "dressed up girls" will greet Mrs. Franklin D. Roosevelt when she visits Oklahoma next month.

Mrs. Jeanetta Tiger of Kellyville, Okla., 70-year-old tribal leader and full-blood Creek, made that point clear.

She announced Mrs. Roosevelt had asked a delegation of Creek women to meet with her when she visits Muskogee March 15.

SUSPECT IN ASSAULT CASE DIES IN FALL AT BROWNFIELD

Brownfield, Texas, Feb. 26. (AP)—L. N. Loyd, cotton picker held in the Brownfield County jail on a charge of chiminally assaulting his 14-year-old daughter, leaped to his death from a third floor window of the county courthouse Thursday.

Loyd, whose examining trial was held Thursday, struck a concrete pavement and died soon after officers reached the scene.

Loyd was arrested at his Bangs, Texas, home last week and brought here. The alleged assault occurred in this county late in 1936.

ARCHBISHOP IN MEXICO IS APPOINTED BY POPE PIUS

Vatican City, Feb. 26. (AP)—Pope Pius today named Bishop Luis Martinez, now first coadjutor bishop at Morelia, Mexico, to be archbishop of Mexico City.

Prelates said the nomination had no connection with recent church developments in Mexico but it was believed the Pope sought in Bishop Martinez as strong a man as possible in view of the tense situation in Mexico.

RETAIL TRADE GOES FORWARD

EASTER PROMOTIONS AID IN BOOSTING BUSINESS OVER COUNTRY

New York, Feb. 26. (AP)—Aided by early Easter promotions, retail trade and business moved forward in orderly manner this week, Dun & Bradstreet said today in its review. "Retail distribution stepped into the spotlight," the agency reported, "as pre-Easter promotions left impetus to the widening consumer buying trend."

"The anticipated relaxation in wholesale activity failed to develop, volume being sustained by the bulge in orders from flood-affected regions."

"Urge by the necessity of reducing 'backlog' industrial operations reached a new high for the year and since 1929 in some of the durable goods division."

The review estimated retail sales for the country as a whole at from 4 to 8 per cent ahead of the preceding week, and from 14 to 22 per cent better than in the same week last year.

TARWATER ELECTED HEAD OF PLAINS COOPERATIVE

Plainview, Feb. 26. (AP)—A. B. Tarwater, Representative of the one hundred twentieth Legislative District, Thursday was elected president of the Plains Co-operative, Inc., to succeed the late G. W. Louthan.

Tarwater has been secretary of the organization for several years. Joe McDuff of Crosby County succeeds to Tarwater's former post. The cooperative has creameries at Plainview and Portales, N. M.

INDICTMENT IS RETURNED IN HITCH-HIKE SLAYING

San Marcos, Feb. 26. (AP)—Paul Laves, 35-year-old Fort Worth man, was indicted Thursday by the Tarrant County grand jury on charges of murder in the hitch-hike slaying of Martin Salazar.

Salazar, a truck driver from Donna, was shot to death near Buda Jan. 21.

Seamen Lose Court Move.

Houston, Feb. 26. (AP)—Federal Judge T. M. Kennerly denied a petition sought by seamen on the Freighters W. R. Keever, which would restrain Shipping Commissioner C. W. Mattson of Galveston from forcing them to take continuous discharge books. Judge Kennerly took the case under advisement Wednesday night after a non-scheduled hearing, which was held after he had concluded the regular docket.

Gas Order Studied.

Austin, Texas, Feb. 26. (AP)—A subcommittee of the House oil and gas committee has recommended that a bill by Representative Clarence Farmer of Fort Worth to prohibit dilution of gas at the Joshua plant of the Lone Star Gas Company not be approved. The full committee then began a hearing on merits of the proposal.

Woman, 97, Buried

Gainesville, Texas, Feb. 26. (AP)—One hundred seventy-one descendants of four generations mourned the death of Mrs. Kattie Bewley, 97, of Ross, 25 miles southwest of here, whose funeral was held Thursday. She was survived by eight children, 56 grandchildren, 82 great-grandchildren, and 25 great-great-grandchildren.

With the extension of the dynamite factory at Modderfontein, South Africa, it will be capable of producing 1,000,000 cartridges a day.

FARNSWORTH IS CONVICTED

SENTENCE OF FOUR TO 12 YEARS IMPOSED IN U. S. COURT AT CAPITAL

Washington, Feb. 26. (AP)—John S. Farnsworth, former Naval Lieutenant Commander, was sentenced to four to 12 years imprisonment today on a charge of conspiring to sell Naval secrets to the Japanese.

Sentence was passed by Justice James M. Proctor in Federal District Court.

Farnsworth had thrown himself upon the mercy of the court by pleading nolo contendere.

He later asked Justice Proctor to permit him to change that plea to innocent but the justice refused.

The gray-haired former Naval flyer's last move before he was sentenced was to ask an arrest of judgment. He withdrew that motion this morning.

HER NAME IN LIGHTS

BEGIN HERE TODAY

DAPHNE BRETT, good-looking, successful young New York advertising executive, decides to rent a beautiful Connecticut estate her father left her when he was killed in a hunting accident. She needs the money after five years of providing for the education of her younger sister, JENNIFER, who has just finished college.

Daphne is showing the estate to some rather unimpressive prospective renters when, unannounced, an attractive young man steps into the picture offering to take the place. Liking his appearance, Daphne accepts, learns he is a "Mr. Smith" and able to pay \$150 a month rental.

NOW GO ON WITH THE STORY

CHAPTER III

"I'm not quite sure that you mean it as a compliment that I'm not obvious," Larry—Lawrence Hunter—Smith said.

"I did," Daphne assured him gravely and then remembered that he hadn't seen the house. "I think you ought to get acquainted with your future home before it gets too dark to see what you're getting into. Come along."

"If the rest of the rooms are like this one, I shall be happy enough," he said contentedly while his eyes traveled slowly and appreciatively around the gracious room, noting the elegance of fine woods and fabrics, the proportions and design—all eloquent of the taste of the comfort-loving person who had made them.

"They're not all like this. The rooms are as different as our family was," Daphne said as they crossed the wide hall and she opened a door. They stopped before the portrait which hung above the hearth in the shabby room that had been Tom Brett's study. Studying the portrait of the golden-haired Margot with her two babies—one a small yellow-haired cherub, the other a grave-eyed child of six—he saw that they were indeed all "different."

The portrait interested him. Some day when he lived here, he would study those faces, reading the things he saw in the lovely and unlike lineaments. For they were all sensitive faces, the kind that can hide nothing of the nature back of them.

"This was Father's study and it is more like him than his photograph," Daphne was saying with warm affection in her voice. Larry Smith looked away from the eyes that were suddenly dim and then suddenly bright. He saw that the old-fashioned desk was closed, that dust had gathered on the fishing tackle, the guns, the sporting prints, and he understood.

"I'm going to like it here," he said.

"I hope so," she answered and led

the way to the staircase. "We'll go upstairs now." She talked as they ascended.

"There are four large bedrooms and two baths. There's also the nursery and the playroom and a sewing room which I expect you will need. On the first floor, in addition to the rooms you've seen, there's also a smaller dining room, the library which was mother's favorite room."

Larry was beginning to understand why Daphne Brett—lovely name, he thought—had been anxious to rent the house. The orphan girls were hard up.

"—then, there are little rooms sort of tucked around here and there which you will discover," Daphne finished.

"I've been looking into some of them," he said calmly.

Daphne turned her face to him with a puzzled frown. "I meant to ask you that. Do you mind telling me if you are a mind reader or, otherwise, exactly how did you happen to come to my rescue? How did you know how I felt?"

For a second time she saw the quick and dazzling smile that illuminated his features, too, irregular to be handsome.

"So you won't give an ordinary fellow a chance to borrow a little clamour?"

Daphne shook her head.

"I'll tell you then," he said. "I'll tell you the whole story. I'm spending a few days with a chap who has a camp back here near Cornwall. This morning I came out for a cross-country ramble, saw your house, was utterly charmed by it. Reluctant to leave until I had seen all of it and, having a hearty appetite, I..."

"I know," Daphne said and her voice was her apology.

"Since I wasn't invited to see it, I provided. Prowling, I happened to observe the arrival of your... or... guests... who did not, to my way of thinking, add to the picture. Fortunately, I happened also to be studying the framework of your drawing-room window where your reluctance was quite plain to be seen."

"And where you heard me mention my imagined prospect?"

"And heard you mention him," she admitted.

"I'm glad you did. Do you usually make your approaches that way?"

He knew she meant by that the whole situation. "Not usually," he said, "but it isn't a bad way. You see, I'm an architect and particularly interested in houses like these."

"Then you weren't looking for a house to rent?" Daphne's face was instantly beclouded.

"But I was!" he protested and believed himself.

"Well then," she said more lightly, "we'd better get on with the details. If you haven't a servant, I'd like to recommend Prunella Bates. She's in the kitchen now and she'll tell you about linens and..."

"We'll just slip that," he said, "but we'll have a talk with Prunella."

The other doesn't matter.

"But it does," Daphne said primly and another thought struck her. "Perhaps you have a family?"

"A very small one," he answered. "Oh!" There was a brief pause and then she said, "I see," with that upward note summoned hastily so that the phrase would not sound as she felt quite suddenly. It was, she thought, simply that she was surprised to hear that he had a family. She tried to picture Mrs. Smith, the other girl who would live in her house, walk in her garden. She couldn't assemble any imagined features but she knew she would be a nice girl with taste, and undoubtedly, beauty, since he had married her. Or would he be the kind of a man who would marry a girl if she were not beautiful? Daphne felt like a fool for giving it a moment's thought.

If there were little Smiths, they'd need not worry about them. They'd be nicely disciplined and their father would see that her things were well protected. He had the same kind of love for beautiful things she herself had, she knew. Yes, Larry Smith belonged. She knew that he would find in Brett Hall the same things that she and Tom Brett had loved—loved every minute of the changing beauty that came with each new season. He would be, she felt, the kind of a man who would wonder, as she and Tom had wondered, with awe at the miracle of each new Spring and Autumn.

When he had gone, Daphne saw that she had more than an hour until it was time for her to dress for her return to the city. She went back to Tom's study and curled up in his worn leather chair with her knees under her chin the way she had when she was a long-legged, big-eyed child. The ghost of the little girl in a pinafore with a slipping red ribbon on her black curls sat there. Sat there now, seeing her yesterday and longing for tomorrows that were postponed.

It was only that they were postponed, Daphne promised herself.

There would be other Summers to enjoy the hollyhocks, the warm sweet raspberries that grew along the garden walls. There would be other Autumns, golden and red and fragrant with the scents of wet pine and burning leaves and good things baking in the oven of the wood stove. There would be other Winters when the rolling hills, covered with a blanket of snow, would mirror the stars that brought the heavens closer to earth. And with them, peace.

Daphne shook off the thought impatiently. She didn't want peace. That was what old people wanted. She wanted only a slower tempo to her life. She was mentally short of breath at this speed at which her life was paced. But she wasn't ready for the old ladies' home at 24 simply because she was bored with night clubs and occasionally found the proportions of her small apartment confining.

What did she want? She asked the ceiling above her and knew the answer while she refused to admit it. Fun? She had that. She had beauty, parties, dates. A career? Wasn't she melting that successfully at that very moment and loving it? Money? She would have liked to have more because she needed it for Jennifer.

Daphne jumped to her feet. No good sitting here thinking of Jennifer. Later a disquieting thought had intruded on her when she thought of the little sister she had mothered.

Prunella had wound the grandfather's clock. It struck seven.

Daphne hurried her dressing. A thought had occurred to her; she'd wire Tuck the hour of her arrival. Perhaps it was Tuck she needed. "Daphne Ainsley," she said experimentally, "Mrs. Tucker Ainsley." Then, quite surprisingly, "Smith!"

DEATH CLUES JAR POLICE

SCIENTIFIC TEST FAILS TO
PROVIDE LEAD IN
DESERT SHOOTING

Palm Springs, Calif., Feb. 26. (AP)—Scientific tests jarred police theories today that Humphrey Pearson, screen writer, was accidentally killed in a shooting at his desert home Wednesday night.

Paraffin impressions of his hands and those of his wife, officers reported, failed to show powder marks which would indicate either had fired a pistol recently.

Police Chief J. L. Bolter said Pearson apparently was wounded in the chest when his wife tried to frustrate his suicide attempt.

Their Negro butler, Alfred Blackmann, told of entering the couple's room after hearing voices in argument punctuated by a shot. Pearson's body was slumped on the floor and by it, Mrs. Pearson wept hysterically.

Still unable to give a coherent statement, the widow was under guard at a hospital.

Officers learned Pearson had tried several times to take his life after drinking bouts, his wife frustrating him.

The 40-year-old writer was described as an intense worker, indulging in liquor after the sleepless strain of finishing a script.

Sister Visits Eiled Edward

First member of his family to visit him in exile, Mary, princess royal, is pictured with the Duke of Windsor after he greeted her in Vienna. She was sent from England, it was believed, to iron out her brother's financial troubles. As can be seen above, she found him appearing tense and tired apparently from the strain of events attending his abdication as king of England.

COAL MINERS LEAVE SHAFT

"SUICIDE" STRIKE ENDS
AFTER BLOODY FIGHT
AMONG WORKERS

Peco, Hungary, Feb. 26. (AP)—"Suicide" strike of 250 miners collapsed today and the men, half dazed from hunger and many bleeding from wounds suffered in an underground fight, staggered out of the shaft.

Sobbing wives and relatives greeted them. Some of the grimy-faced workers, too weak to walk, were carried on the shoulders of their comrades.

One miner said they had eaten the last sack of oats intended for ponies used for underground hauling during the two days they remained defiantly in their stronghold.

Each striker, he said, received a handful of the grain twice a day.

The 16 ponies, which were with them when they declared the hunger strike were believed to have drowned or to have died of poisonous gas seeping into the 656-foot shaft.

Fighting had raged through the night over growing dissatisfaction in the hunger-striking ranks.

Tormented by rising water, stagnant air and deadly gases, groups of the workers were said to have revolted against strike leaders and battled worker-guardians who barred their escape.

Picks, axes and hatchets were turned into deadly weapons. Screams echoed through the dark shaft.

Seventeen miners who escaped last night were hauled and bloodied. The strikers had demanded an increase in daily pay from \$1 to \$1.20.

**RESTORATION TO LIFE
PROMISED BY CULT LEADER**

Monticello, Utah, Feb. 26. (AP)—Mrs. Edith Peshak died two years ago this month and Mrs. Marie M. Ogden, leader of a strange, little-known religious colony, predicted today she "presently will be restored to life."

For months after Mrs. Peshak died at the "home of truth" Mrs. Ogden, former Newark, U. J. Clubwoman, established in the wild, barren country north of Monticello, the curious flocked to the scene.

They were drawn by stories of daily gatherings around the body and of mystic rites at dawn.

Eventually the authorities came, but they went away without interfering.

A doctor said the body was in a "perfect state" of preservation. Old timers said it was the climate. "Many mediums have been found in the southwest," they recalled.

Then, one day, word got around the body had disappeared. Seofers said the cultists had buried their dead. The colonists, who now number 12, remained silent until Mrs. Ogden spoke today.

**PEGGY GARCIA IN NEW
TROUBLE IN BIGAMY CASE**

New York, Feb. 26. (AP)—Peggy Garcia, ran afoul of the bigamy laws today on the rebound from her \$500,000 heart balm suit against Dave Rubinoff and his victim.

She and her husband, Michael La Rocca, were under arrest on charges of bigamy on the strength of a statement made to Harold W. Hastings, assistant district attorney, by a woman who said she, too, was married to the granite salesman.

Hastings quoted the woman, Mrs. Kathleen Murray La Rocca, as saying: "La Rocca was the father of three children born to them prior to their marriage."

Pope Asked to Rest.
Vatican City, Feb. 26. (AP)—Pope Pius was reported by informed Vatican sources today to have been advised by Dr. Amintore Milani to moderate his activity.

FIVE DIE IN ROAD CRASHES

HOUSTON COUNTS DEAD AS
RESULT OF ACCIDENTS
IN TWO DAYS

Houston, Feb. 26. (AP)—Five persons died here yesterday in car accidents.

They were: E. E. Stone, 59, lumberman; Miss Myrtle McWhorter, 19; Miss Betty Lynn Beatty, all of Houston; James Eddie McGregory, 40; and D. A. Bone, 50, Midway.

Stone and Misses McWhorter and Beatty were killed in the crash of two large sedans. Three persons riding with Miss Beatty were injured. Sam Rayburn Mays, former Rice Institute football captain, Bill Sadler and Miss Evelyn Sears, were expected to recover.

McGregory was killed when his car collided with a parked auto. Bone was injured in a collision Wednesday.

The wolf-eel, a southern California fish, has teeth resembling those of a large dog.
